Nevertheless, in order to be as helpful as possible, Applicants have provided (a) information regarding the source of the documents, and (b) a title or description of each document. The prosecution record of either a related domestic and foreign patent application is the source for each document. Accordingly, in the list required by 37 C.F.R. § 1.98(a)(1), Applicants have provided information about the source of each document. The information provided mirrors the requirements for cited foreign patent applications and U.S. patent applications as set forth by 37 C.F.R. § 1.98(b). For at least these reasons, Applicants respectfully request consideration of all documents submitted in the present Information Disclosure Statement and entry into the record for the present application (Application Serial No. 10/725,729)

Regarding category (3), Applicants now submit for the Examiner's consideration, copies of Office Actions, Amendments, Responses, and other correspondence from the prosecution of the foreign and U.S. patent applications.
